This poster is intended for Healthcare Professionals  
This poster represents some of the COPD inhalers available in Ireland

BRAND & DEVICE	GENERIC	CLASS	COPD DOSE		DEVICE IMAGE
<b>SHORT ACTING BRONCHODILATORS</b>					
Atrovent Inhaler	Ipratropium	SAMA	20 mcg/dose 1 or 2 inhalations three or four times daily Max 4 inhalations at a time		
Bricanyl Turbohaler	Terbutaline	SABA	500 mcg/dose 1 inhalation (500 mcg) as required. Not more than 4 inhalations should be necessary in any 24 hour period		
Ventolin Diskus	Salbutamol	SABA	200 mcg/dose. Acute attack: 1 inhalation as required On demand use should not exceed four times daily Chronic therapy: 1 inhalation up to four times daily		
Ventolin Evohaler	Salbutamol	SABA	100 mcg/dose. Acute attack: 1-2 inhalations On demand use should not exceed four times daily Chronic therapy: Up to 2 inhalations up to four times daily		
Salamol Easi-Breathe	Salbutamol	SABA	100 mcg/dose. Acute attack 1-2 inhalations Chronic therapy: 2 inhalations up to four times daily		
<b>LONG ACTING BRONCHODILATORS</b>					
Onbrez Breezhaler	Indacaterol	LABA	One 150 mcg capsule once daily at the same time each day Severe COPD, one 300 mcg capsule once daily at the same time each day		
Oxis Turbohaler	Formoterol	LABA	6mcg = 2 inhalations once or twice daily, max 8 inhalations daily (regular plus as required). More than 4 inhalations should not be taken on any single occasion.	12mcg = 1 inhalation once or twice daily, The daily dose for regular use should not exceed 2 inhalations. More than 2 inhalations should not be taken on any single occasion.	
Striverdi Respimat	Olodaterol	LABA	2.5 mcg 2 inhalations once daily at the same time each day		
Serevent Evohaler	Salmeterol	LABA	25 mcg 2 inhalations twice daily		
Serevent Diskus	Salmeterol	LABA	50 mcg 1 inhalation twice daily More severe COPD, up to 2 inhalations twice daily		
Braltus Zonda	Tiotropium	LAMA	10 mcg per delivered dose 1 capsule once daily at the same time each day		
Eklira Genuair	Acidinium	LAMA	322 mcg 1 inhalation twice daily		
Incruse Ellipta	Umeclidinium	LAMA	55 mcg 1 inhalation once daily at same time each day		
Seebri Breezhaler	Glycopyrronium	LAMA	44 mcg 1 capsule once daily at same time each day		
Spiriva HandiHaler/ Respimat	Tiotropium	LAMA	HandiHaler: 18 mcg 1 capsule once daily at the same time each day	Respimat: 2.5 mcg 2 inhalations once daily at the same time each day	
<b>COMBINATION BRONCHODILATORS</b>					
Anoro Ellipta	Umeclidinium & Vilanterol	LAMA & LABA	55/22 mcg 1 inhalation once daily at same time of day		
Brimica Genuair	Acidinium & Formoterol	LAMA & LABA	340/12 mcg 1 inhalation twice daily		
Spiolto Respimat	Tiotropium & Olodaterol	LAMA & LABA	2.5/2.5 mcg 2 inhalations once daily at same time each day		
Ultibro Breezhaler	Indacaterol & Glycopyrronium	LABA & LAMA	85/43 mcg 1 capsule once daily at same time each day		
<b>COMBINATION LONG ACTING BRONCHODILATORS AND CORTICOSTEROIDS</b>					
AirFluSal Forspiro	Salmeterol & Fluticasone propionate	ICS & LABA	50/500 mcg 1 inhalation twice daily		
Bufomix Easyhaler	Budesonide & Formoterol	ICS & LABA	160/4.5 mcg 2 inhalations twice daily	320/9 mcg 1 inhalation twice daily	
DuoResp Spiromax	Budesonide & Formoterol	ICS & LABA	160/4.5 mcg 2 inhalations twice daily	320/9 mcg 1 inhalation twice daily	
Relvar Ellipta	Fluticasone furoate & Vilanterol	ICS & LABA	92/22 mcg 1 inhalation once daily at same time of day		
Seretide Diskus	Salmeterol & Fluticasone propionate	ICS & LABA	50/500 mcg 1 inhalation twice daily		
Symbicort Turbohaler	Budesonide & Formoterol	ICS & LABA	200/6 mcg 2 inhalations twice daily	400/12 mcg 1 inhalation twice daily	
Trelegy Ellipta	Fluticasone furoate, umeclidinium & vilanterol	ICS/LAMA /LABA	92/55/22 mcg 1 inhalation once daily at the same time each day		
Trixeo Aerosphere	Formoterol fumarate dihydrate/glycopyrronium /budesonide	ICS/LAMA /LABA	5/7.2/160 mcg 2 inhalations twice a day		
<b>INHALED CORTICOSTEROIDS</b>					
Pulmicort Turbohaler	Budesonide	ICS	400 mcg 1 inhalation twice daily		
Flixotide Evohaler/ Diskus	Fluticasone propionate	ICS	Diskus - 1 inhalation (500 mcg) twice daily or Evohaler - 2 inhalations 250 mcg (2 x 250mcg) twice daily Used as an adjunct to long-acting bronchodilators		

SAMA: Short Acting Muscarinic Antagonist  
SABA: Short Acting Beta, Agonists  
LABA: Long Acting Beta, Agonists  
LAMA: Long Acting Muscarinic Antagonist  
ICS: Inhaled corticosteroid

Please consult the Summary of Product Characteristics (SmPC) for full prescribing information.

These medicinal products are subject to additional monitoring. This will allow quick identification of new safety information. Adverse events should be reported directly to the Health Products Regulatory Authority (HPRA) on their website: www.hpri.ie
